

 The University of British Columbia Board of Governors	Policy No.: FM11
Long Title: Capital Projects, Capital Purchases & Internal Loans	
Short Title: Capital Projects Policy	

Background & Purposes:

Pursuant to the *University Act*, the Board of Governors must act in the best interests of UBC, and must ensure the proper management, administration and control of UBC's property, revenue, business and affairs.

UBC receives funds from many sources, including governments, public agencies, contracting parties, and donors, to carry out its research and teaching mission.

The Board of Governors has identified certain types of capital expenditures as being associated with higher risk and requiring greater oversight as part of UBC's risk management strategy.

The purposes of this Policy are to:

- ensure there is appropriate oversight of capital expenditures and internal loans commensurate with the value and risk associated with those activities; and
- establish a framework for requests, approvals, monitoring and reporting.

The approval requirements of this Policy are in addition to other Board of Governors Policies and Procedures, and the signing resolutions adopted by the Signing Committee of the Board of Governors, which govern signing agreements and commitments on behalf of UBC.

This Policy should be read in conjunction with:

- Land Use Policy;
- Purchasing Policy;
- Retained Risk Policy; and
- UBC's Signing Resolutions.

1. Scope

- 1.1 This Policy applies to Capital Projects and Capital Purchases, and establishes different approval requirements based on their respective Aggregate Estimated Value. This Policy also applies to Internal Loans, and establishes different approval requirements based on loan value.
- 1.2 This Policy applies to Capital Projects and Capital Purchases regardless of the source of the funding or financing. For greater certainty, this Policy applies where a Capital Purchase or Capital Project is fully or partially funded by grants and agreements of any kind (including, but not limited to, research grants and agreements), and donations.

2. Definitions

2.1 In this Policy:

3. Approvals, Generally

- 3.1 Regardless of the Aggregate Estimated Value of a particular Capital Project, Capital Purchase or Internal Loan, if:
 - 3.1.1 the Responsible Executive determines that the matter is precedent-setting or sensitive; or
 - 3.1.2 a member of the Board requests that the matter be brought before the Board for approval,that Capital Project, Capital Purchase or Internal Loan (as the case may be) must be brought to the Board for approval, through the relevant Board approval process identified in this Policy and its Procedures.

- 6.1 The procurement process for all Construction Projects must ensure that the process for selecting prime consultants (architects, engineers etc.) ensures the public's confidence in the integrity of the selection process, including without limitation: the principles contained in Purchasing Policy, and ensuring that equal opportunities for consideration are provided to all interested and eligible firms. The Executive may issue administrative directives regarding selecting prime consultants, and upon publication, all Construction Projects where prime consultants are engaged, must comply with those directives.
- 6.2 It is expected that Construction Projects conducted on UBC premises (owned, leased or otherwise occupied or controlled) will be managed by a UBC department or related-entity with the mandate of providing professional project management and coordination services to UBC. In exceptional circumstances, the Responsible Executive or his/her delegate may approve the delivery of such services by other entities (e.g. the owner of a premises leased by UBC).
