

Policy 118, Safety and Security Cameras  
2016 Annual Report  
UBC Point Grey Campus

Ali Mojdehi  
Acting Director, UBC Campus Security

This report has been prepared for the 2016 calendar year under the authority of section 7.3 of UBC Policy 118, Safety and Security Cameras:

7.3. The Camera Coordinator will prepare annual reports on the use of Camera Systems, which shall include, for each Covert Camera installation, non-identifying information about the duration and general location of the installation. The Responsible Executive may establish additional requirements for the content and/or format of these reports.

As of December 31, 2016, there were 33 approved Camera Systems on the UBC Point Grey campus. A list of those systems is attached to this report. There are no significant changes or concerns to report about any of these systems.

In 2016, one Covert Camera installation was approved for a period of approximately 11 weeks. This installation consisted of three cameras that were installed in a UBC-operated retail location. The installation was approved because it was the only practicable method of investigating a series of cash thefts. The installation was removed before the approved end date.

System Name	
<a href="#">1. Emergency Blue Phone Camera System</a>	
<a href="#">2. University Boulevard Bus Loop Camera System</a>
